CORE IDEOLOGY

Core Values:

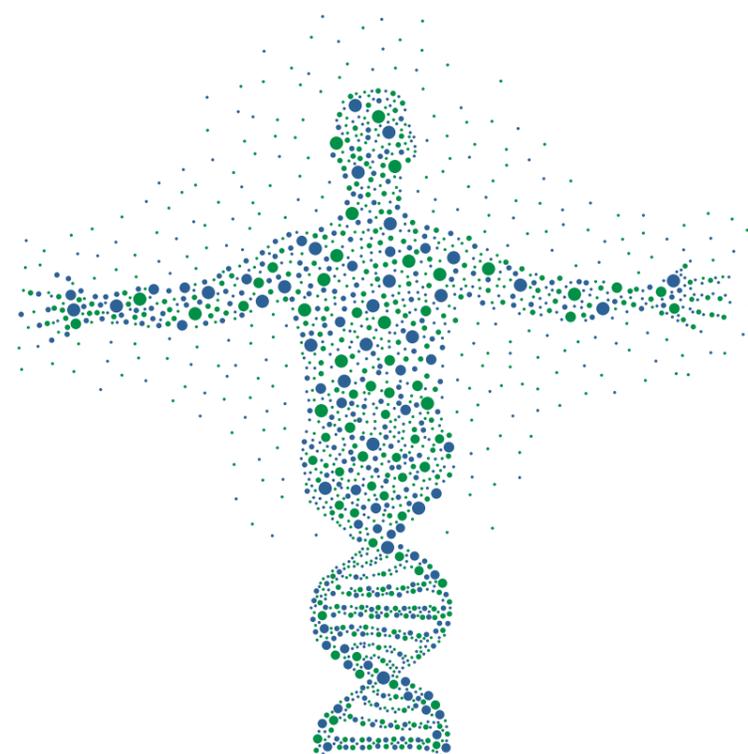

- Customer satisfaction above all
- Quality medicine at affordable cost
- Healthy working environment for all
- Continuous upgradation and improvement

Core Purpose:

- Improving and enriching human health by providing effective medicines at affordable cost

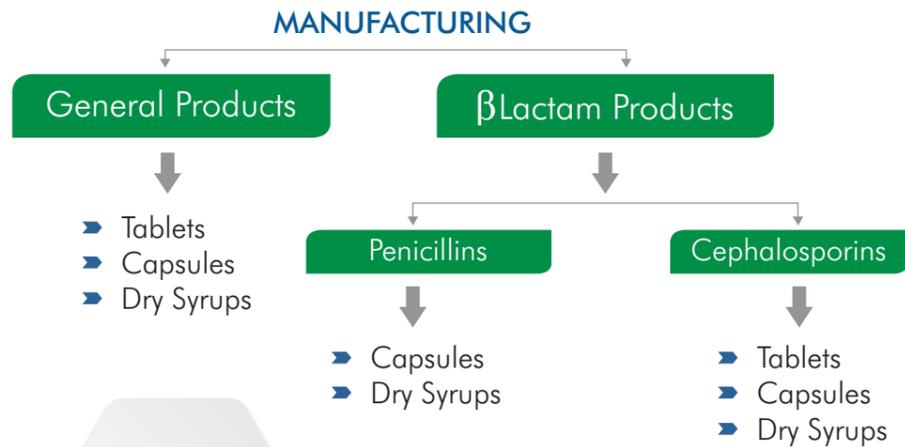

OUR VISION

- Driven by the passion to create a healthier and happier tomorrow, Medico Remedies is taking giant strides in establishing itself as a leading and preferred pharmaceutical manufacturer and supplier

MANUFACTURING FACILITIES

There are two state of the art, WHO GMP-approved manufacturing facilities- General and Beta Lactams. Our range of products is second to none and we specialize in beta lactam products specially Amoxicillin and Ampicillin formulations.

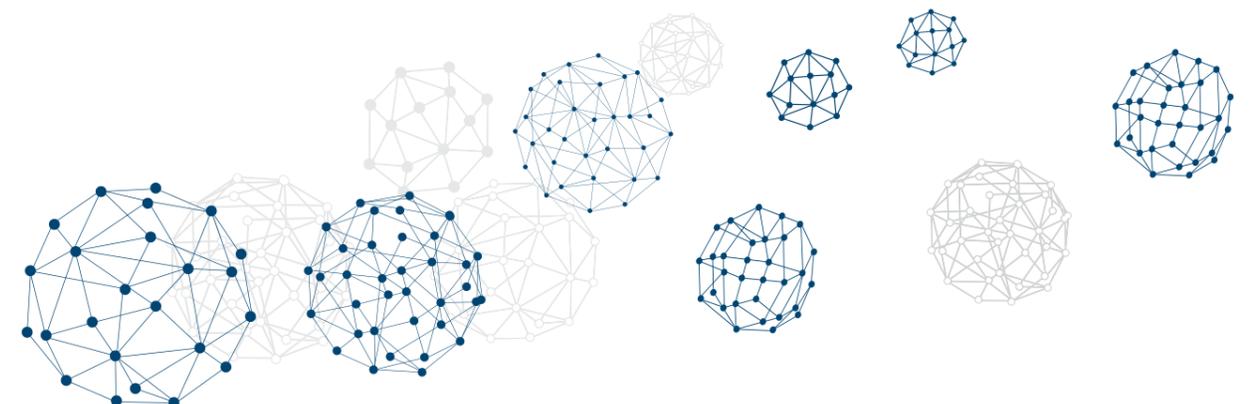

R & D

Continual focus is centred on developing newer methods to improve the manufacturing quality and time. The extremely well trained and efficient pharmacists conduct research to formulate safer and effective branded and generic products.

CORPORATE SOCIAL RESPONSIBILITY

Improving and enriching human health was the foundation on which this company was started. Along with its global expansion, the company is also aware about its responsibility towards the society. Regular medical camps and weekly checkups are held for the economically backward areas near the factory.

GLOBAL PRESENCE

Delivering on its promise of providing the latest and the most efficient formulations throughout the world, the company has, over the past two decades, established a vast clientele base.
